

Supporting Communities

The staff of WBLI Chartered Accountants and WBLI Incorporated participated in the 2011 Feed Nova Scotia Food Fight.

The Feed Nova Scotia Food Fight challenge was a Coast-to-Coast food challenge that took place between Halifax, Regina and Victoria to see which city could raise the most food in 48 hours, from 6pm October 13 to 6pm October 15th.

WBLI Chartered Accountants and WBLI Incorporated staff donated food, money to buy food items, and their time to the cause. We challenged our offices to surpass what we donated last year and we did it!

WBLI Incorporated, Bedford office, 263 items = 20.23 items per person.

WBLI Chartered Accountants, Bedford, 800 items = 20.51 items per person

WBLI Incorporated, Halifax, 281 items = 28.1 items per person

WBLI Chartered Accountants, Truro, 296 items = 32.89 items per person.

One of the cars of a WBLI employee full of groceries ready to drop off for the weigh-in.

We are currently featured on the Feed Nova Scotia website as a "Middleweight Contributor" (500-999kg).

http://www.feednovascotia.ca/howtohelp_events_foodfight.html

It was a close race between the offices, but WBLI Chartered Accountants, Truro office donated more items per person once again this year and remain the undefeated champion.

The total weight of our food collected by WBLI Chartered Accountants and WBLI Incorporated was 768!! 270 more kilograms than we raised last year.

We are looking forward to the food fight again next year.

WBLI staff support many community events and causes and we were very pleased to help support this cause for Feed Nova Scotia and the communities they help.
